Liquidator's statement

Today, the liquidator has presented the final liquidation financial statements of EMF Tankers XXIX ApS (Under frivllig likvidation) for the period 1 January – 13 November 2022 on completion of the liquidation procedure at 13 November 2022.

The final liquidation financial statements have been prepared in accordance with the provisions in the Danish Financial Statements Act.

In my opinion, the accounting policies are appropriate and the final liquidation financial statements provide a fair picture of the company's assets and equity and liabilities, as well as of the company's activities until the completion of the liquidation procedure.

In my opinion, the liquidator's report presents a fair account of the issues dealt with.

The final liquidation financial statements, including the hereby approved.

We recommend that final liquidation financial statements be approved at the Annual General Meeting.

København, 6 December 2022

Liquidator

Mads Sørensen

Independent auditor's report

To the Shareholders of EMF Tankers XXIX ApS (Under frivillig likvidation)

Opinion

We have audited the final liquidation financial statements of EMF Tankers XXIX ApS (Under frivillig likvidation) for the financial year 1 January - 13 November 2022, which comprise income statement, balance sheet, statement of changes in equity, notes and a summary of significant accounting policies, for the Company. The final liquidation financial statements are prepared under the Danish Financial Statements Act.

In our opinion, the final liquidation financial statements give a true and fair view of the financial position of the Company at 13 November 2022, and of the results of the Company's operations for the financial year 1 January - 13 November 2022 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Final Liquidation Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Liquidator's Responsibilities for the Final Liquidation Financial Statements

Liquidator is responsible for the preparation of final liquidation financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Liquidator determines is necessary to enable the preparation of final liquidation financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Final Liquidation Financial Statements

Our objectives are to obtain reasonable assurance about whether the final liquidation financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these final liquidation financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Independent auditor's report

- Identify and assess the risks of material misstatement of the final liquidation financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Liquidator.
- Evaluate the overall presentation, structure and contents of the final liquidation financial statements, including the disclosures, and whether the final liquidation financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other financial costs	1.816	1
	1.816	1

3. Charges and security

The company has no mortgage and securities as of 31 December 2021

4. Contingencies

Joint taxation

With Martin Haugaard Holding ApS, company reg. no 38751751 as administration company, the company is subject to the Danish scheme of joint taxation and unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for the total corporation tax.

The company is unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for any obligations to withhold tax on interest, royalties, and dividends.

Accounting policies

The most significant modifications resulting from the liquidation

The company's equity is measured at the net realisable value and corresponds to the amount distributed to shareholders.

Recognition and measurement in general

Income is recognised in the income statement concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs are recognised in the income statement, including depreciations amortisations, writedowns for impairment, provisions, and reversals due to changes in estimated amounts previously recognised in the income statement.

Assets are recognised in the statement of financial position when it seems probable that future economic benefits will flow to the company and the value of the asset can be reliably measured.

Liabilities are recognised in the statement of financial position when it is seems probable that future economic benefits will flow out of the company and the value of the liability can be reliably measured.

Assets and liabilities are measured at cost at the initial recognition. Hereafter, assets and liabilities are measured as described below for each individual accounting item.

Upon recognition and measurement, allowances are made for such predictable losses and risks which may arise prior to the presentation of the annual report and concern matters that exist on the reporting date.

Foreign currency translation

Transactions in foreign currency are translated by using the exchange rate prevailing at the date of the transaction. Differences in the rate of exchange arising between the rate at the date of transaction and the rate at the date of payment are recognised in the profit and loss account as an item under net financials. If currency positions are considered to hedge future cash flows, the value adjustments are recognised directly in equity in a fair value reserve.

Receivables, payables, and other foreign currency monetary items are translated using the closing rate. The difference between the closing rate and the rate at the time of the occurrence or initial recognition in the latest financial statements of the receivable or payable is recognised in the income statement under financial income and expenses.

Income statement

Gross loss

Other external costs comprise costs incurred for distribution, sales, advertising, administration, premises, loss on receivables, and operational leasing costs.

Accounting policies

Financial income and expenses

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial income and expenses comprise interest income and expenses, financial expenses from financial leasing, realised and unrealised capital gains and losses relating to securities, debt and transactions in foreign currency, amortisation of financial assets and liabilities as well as surcharges and reimbursements under the advance tax scheme, etc.

Results from investments in subsidiaries

After full elimination of intercompany profit or loss less amortised consolidated goodwill, the investment in the individual subsidiaries are recognised in the income statement as a proportional share of the subsidiaries' post-tax profit or loss.

Tax on net profit or loss for the period

The tax for the period comprises the current income tax for the period and changes in deferred tax, and is recognised in the income statement with the share attributable to the net profit or loss for the period and directly in with the share attributable to entries directly in .

The company is subject to Danish rules on compulsory joint taxation of Danish group enterprises.

The current Danish income tax is allocated among the jointly taxed companies proportional to their respective taxable income (full allocation with reimbursement of tax losses).

Statement of financial position

Investments

Equity investments

Equity investments are measured at cost. If the recoverable amount is lower than the cost, writedown for impairment is done to match this lower value.

Cash on hand and demand deposits

Cash on hand and demand deposits comprise cash at bank and on hand.

Equity

The company's equity is measured at net realisable value. Liquidation costs and value adjustments concerning assets and liabilities in connection with the liquidation are recognised in the income statement.

Liabilities other than provisions

Other liabilities concerning payables to suppliers, group enterprises, and other payables are measured at amortised cost which usually corresponds to the nominal value.
